Dear Sir:

Applicants appreciate the courtesy of a telephone interview on December 9, 2008 between Examiner Huyen X. Vo and the undersigned.

The undersigned proposed amendment to claim 1 identifying that the noise zone extended within a room as distinguishing the hypothesized situation of page 2, lines 9-14 of the prior Office action. The examiner did not agree the claim was in condition for allowance and noted the possibility of rejection on other art or other reasons.

Respectfully submitted,

By /William B. Slate, #37238/
